

CONSTRUCTION ESTIMATING & GENERAL VA

ECT LICENSED

PETER KENNETH C. GUTIERREZ, ECT

From blueprints to inboxes, I build systems that run.

WORK EXPERIENCE

Botbuilt – Construction Estimator

APR 2025 – PRESENT

North Carolina, United States

- Utilized a home-grown AI estimating tool to generate precise material quantities, minimizing waste and optimizing procurement budgets.
- Executed comprehensive material take-offs for a diverse portfolio of single-family and multi-unit building projects.
- Analyzed complex construction blueprints and technical specifications to ensure strict adherence to US Building Codes, minimizing change orders and scope gaps.

Melham Construction Corporation – ECE Intern

AUG – OCT 2022

Quezon City, Philippines

- Authored and presented a technical product proposal for a photochromic umbrella prototype, utilizing company products and materials to secure stakeholder interest.
- Managed technical research and documentation, serving as project lead for design and feasibility.
- Sourced raw material suppliers and analyzed market data to project ROI and potential revenue channels.

THESIS & PROJECTS

Peltier-Based Cooler for Thermolabile Drug Transport

- Built a Peltier-tile cooler that tracks and controls temperature to preserve drug potency in transit.

Face Image Tampering Detection (CNN)

- Designed a custom convolutional neural network to detect tampered face images.

Point-to-Point Microwave Link Design

- Planned an RF link between Cabuyao and Nagcarlan, Laguna.

COMMUNITY & OUTREACH

Resource Speaker – San Pablo City Science Integrated

2023 – 2025

HS

- Led four workshops on media literacy and mentored students, evaluating portfolios for school publications and regional competitions.

EDUCATION

Polytechnic University of the Philippines

BS, Electronics &
Communications
Engineering

LICENSE

Registered Electronics & Communications Technician

2023 – 2027

AFFILIATIONS

IECEP – Batangas Chapter

Member, 2019 – 2024

SKILLS

- Material Take-offs
- Code Compliance
- AI Estimating Tools
- Machine Learning
- AI Modelling
- AI Literacy
- CNN / Deep Learning
- RF Link Design
- Technical Documentation
- MS Office Mastery
- General Virtual Assistance
